We remind everyone that we do have juniors taking part in this event, we do not accept breaking the rules according to pit silence, use of drugs or heavily drunkenness during the Event. Remember that Anti Doping can show up any time for control.

Please respect our volunteers and their instructions given to you. Night security will always report to the Clerk of the course in the morning.

There are additional rules that apply to the Event. Nevertheless, we want to remind you of speed in pit area, those vehicles that fail to keep low speed must consider towing. It's open pit area and speed must be low here. We don't want any accidents, do we?

Participants are responsible for ensuring that team tickets are posted in the portal in an envelope with their name on. We do not want arrivals/entry after 24.00 due to pit silence. It is possible to buy additional team tickets afterwards, they cost 350,-, max. 4 tickets per team. They are to be bought in the secretariat and delivered to the ticket sales as described above.

Problems that cannot be solved with the help of info above, we ask you to tell us in the secretariat. We want to solve problems there and then 😊
